

Colorful Caterpillar

Product model:

E30#

Specifications:

Caterpillar

Product size:

1200*870*700mm

Product material:

Fabric: Technical velvet
Frame: High-density environmentally friendly sponge technology velvet, skin-friendly and scratch-resistant

Zero Gravity Swivel Chair

Product model:	E63#
Specifications:	Zero gravity swivel chair (manual/electric switchable)
Product size:	75*91*103.5cm
Product material:	Fabric: cat scratch leather Frame: blow molded frame Hardware: carbon plastic steel Cat scratching pads are usually made of high-quality leather, which is relatively wear-resistant, durable and easy to clean.
Product photo:	reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

Zero Gravity Swivel Chair

Product model:	E65#
Specifications:	Zero gravity swivel chair (manual/electric switchable)
Product size:	86*96*103cm, Seat height 49cm, seat depth 55cm
Product material:	Fabric: Nappa silicone leather Frame: Blow molded frame Hardware: Carbon steel Silicone leather is biocompatible with the human body, prevents bacteria from entering, is non-irritating, and is waterproof
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

Zero Gravity Swivel Chair

Product model:	E66#
Specifications:	Zero gravity swivel chair (manual/electric switchable)
Product size:	84*92*101.5cm, Armrest thickness 15 cm, seat depth 48 cm, seat height 46 cm
Product material:	Fabric: Eco-leather Frame: Blow-molded frame Hardware: Carbon steel Eco-leather uses environmentally friendly and sustainable raw materials, does not contain harmful substances during the production process, and conforms to the concept of green environmental protection
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

Zero Gravity Swivel Chair

Product model:	E67#
Specifications:	Zero gravity swivel chair (manual/electric switchable)
Product size:	75*87*101cm, Seatdepth 50cm, seatheight 48cm, armrestwidth 9cm
Product material:	Fabric: cat scratch leather Frame: blow molded frame Hardware: carbon plastic steel Cat scratching pads are usually made of high-quality leather, which is relatively wear-resistant, durable and easy to clean.
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

Swing	
Product model:	E68#
Specifications:	Big Black Bull Rocking and Swiveling Leisure Chair (Manual Function Chair)
Product size:	91*86*105cm, Seatdepth 51 cm, armrests 22 cm, seatheight 50 cm
Product material:	Fabric: PPC imitation leather Frame: solid wood frame/multi-layer board Hardware: carbon plastic steel Imitation leather is the softest, old-resistant, and has a certain degree of moisture absorption
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

Leisure Chair Series

Product model:	E69#
Specifications:	Crab Chair
Product size:	94*87*67cm, Seat depth 54cm, seat height 33cm, armrest height 53cm
Product material:	Fabric: frosted tech fabric Frame: hardware + shaped cotton The frosted cloth has an oxygen permeability of more than 90%, which can effectively prevent the growth of mites, bacteria and other microorganisms. It can be used in long -term contact and has excellent air permeability, moisture permeability and heat permeability.
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

Zero Gravity Swivel Chair

Product model:	E70#
Specifications:	Zero gravity swivel chair (manual/electric switchable)
Product size:	Length 85*width 101*height 103, seat depth 61, seat height 49, armrest 24 (unit CM)
Product material:	Fabric: Nappa silicone leather Frame: Blow molded frame Hardware: Carbon steel Silicone leather is biocompatible with the human body, prevents bacteria from entering, is non- irritating, and is waterproof
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

Leisure Chair Series

Product model: E71#

Specifications: Saddle Chair

Product size: Length 93*width 70*height 83,
seat depth 63, seat height 34 (unit: CM)

Product material: Fabric: Saddle leather +
houndstooth fabric Frame: Carbon teel
frame
Saddle leather is comfortable,
durable, repairable, waterproof and
has the same texture as real
cowhide

Product photo: The picture on the right is for
reference only. Due to the
particularity of soft furniture,
the size may have an error of plus or
minus 3cm.

Zero Gravity Swivel Chair

Product model:	E72#
Specifications:	Zero gravity swivel chair (manual/electric switchable)
Product size:	Length 85*width 87*height 98, seat depth 45, seat height 43, armrest 16 (unit CM)
Product material:	Fabric: Nappa silicone leather Frame: Blow molded frame Hardware: Carbon steel Silicone leather is biocompatible with the human body, prevents bacteria from entering,is non-irritating, and is waterproof
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

Zero Gravity Swivel Chair

Product model:	E73#
Specifications:	Zero gravity swivel chair (manual/electric switchable)
Product size:	Length 83*width 94*height 103, seat depth 51, seat height 46, armrest width 15 (unit CM)
Product material:	Fabric: Nappa silicone leather Frame: Blow molded frame Hardware: Carbon steel Silicone leather is biocompatible with the human body, prevents bacteria from entering, is non-irritating, and is waterproof
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

Zero Gravity Swivel Chair

Product model:	E75#
Specifications:	Zero gravity swivel chair (manual/electric switchable)
Product size:	Length 85*width 82*height 102, seat depth 46, seat height 45, armrest width 14 (unit CM)
Product material:	Fabric: cat scratch leather Frame: blow molded frame Hardware: carbon plastic steel The outer layer of the cat scratching cloth is made of soft fabric material, which is soft and easy to clean
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

Zero Gravity Swivel Chair

Product model:	E76#
Specifications:	Zero gravity swivel chair (manual/electric switchable)
Product size:	Length 87*width 92*height 102, seat height 45, armrest 18(unit CM)
Product material:	Fabric: cat scratch leather Frame: blow molded frame Hardware: carbon plastic steel The outer layer of the cat scratching cloth is made of soft fabric material, which is soft and easy to clean
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

Zero Gravity Swivel Chair

Product model: E77#

Specifications: Zero gravity swivel chair
(manual/electric switchable)

Product size: Length 83*width 86*height 101, seat
height 46, seat depth 52
(unit: CM)

Product material: Fabric: Nappa silicone leather
Frame: Blow molded frame
Hardware: Carbon steel
Silicone leather is biocompatible with
the human body, prevents bacteria from
entering, is non-irritating, and is
waterproof

Product photo: The picture on the right is for
reference only. Due to the
particularity of soft furniture,
the size may have an error of plus or
minus 3cm.

Zero Gravity Swivel Chair

Product model: E79#

Specifications: Zero gravity swivel chair
(manual/electric switchable)

Product size: Length 81*width 88*height 101, seat depth 54, seat height 48, armrest 18 (unit CM)

Product material: Fabric: cotton and linen
Frame: blow molded frame
Hardware: carbon plastic steel
Cotton and linen fabrics can be widely used because they are cheap, affordable, and very moisturizing. They are not easy to feel stuffy in the summer, fit the skin well, and are breathable. They are also very environmentally friendly and safe to use without hurting the skin.

Product photo: The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

A1 Free and Easy Swivel Chair

Product model:	E80#
Specifications:	Zero Gravity A1 Free Rhythm Swivel Chair (Electric)
Product size:	Length 84*width 100*height 102*, seat depth 62, seat height 46, armrest 28 (unit CM)
Product material:	Fabric: Eco-leather Frame: Solid wood Hardware: Carbon plastic steel Ecological leather uses environmentally friendly and sustainable raw materials, does not contain harmful substances during the production process , and conforms to the concept of green environmental protection
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

A1 Free and Easy Swivel Chair

Product model:	E81#
Specifications:	Zero Gravity A1 Free Rhythm Swivel Chair (Electric)
Product size:	Length 84*width 100*height 105, seat depth 57, seat height 56, armrest 27-30 (unit CM)
Product material:	Fabric: Eco-leather Frame: Solid wood Hardware: Carbon plastic steel Ecological leather uses environmentally friendly and sustainable raw materials, does not contain harmful substances during the production process, and conforms to the concept of green environmental protection
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

A1 Free and Easy Swivel Chair

Product model:	E82#
Specifications:	Swivel Chair (Electric)
Product size:	Length 96*width 109*height 102, seat depth 58, seat height 53, armrest 32 (unit CM)
Product material:	Fabric: cotton and linen Frame: solid wood Hardware: carbon plastic steel Cotton and linen fabrics can be widely used because they are cheap, affordable, and very moisturizing. They are not easy to feel stuffy in the summer, fit the skin well, and are breathable. They are also very environmentally friendly and safe to use without hurting the skin.
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

A1 Free and Easy Swivel Chair

Product model:	E83#
Specifications:	Zero Gravity A1 Free Rhythm Swivel Chair (Electric)
Product size:	Length 93*width 96*height 94, seat depth 59, seat height 49, armrest 30 (unit CM)
Product material:	Fabric: cotton and linen Frame: solid wood Hardware: carbon plastic steel Cotton and linen fabrics can be widely used because they are cheap, affordable, and very moisturizing. They are not easy to feel stuffy in the summer, fit the skin well, and are breathable. They are also very environmentally friendly and safe to use without hurting the skin .
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

A1 Free and Easy Swivel Chair

Product model:	E85#
Specifications:	Zero Gravity A1 Free Rhythm Swivel Chair (Electric)
Product size:	Length 81*width 85*height 101, seat depth 47, seat height 47, armrest 25 (unit CM)
Product material:	Fabric: Technological velvet Frame: Solid wood frame, high-density environmentally friendly sponge Technological velvet is skin-friendly and scratch-resistant
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

A1 Free and Easy Swivel Chair

Product model:	E86#
Specifications:	Zero Gravity A1 Free Rhythm Swivel Chair (Electric)
Product size:	Length 102*width 98*height 116, seat depth 64, seat height 72, (unit: CM)
Product material:	Fabric: cotton and linen + embossed leather Frame: solid wood Hardware: carbon plastic steel Ecological leather uses environmentally friendly and sustainable raw materials, does not contain harmful substances during the production process, and conforms to the concept of green environmental protection
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

A1 Free and Easy Swivel Chair

Product model:	E87#
Specifications:	Zero Gravity A1 Free Rhythm Swivel Chair (Electric)
Product size:	Length 88*width 101*height 103, seat depth 59, seat height 53, (unit: CM)
Product material:	Fabric: cotton and linen Frame: solid wood Hardware: carbon plastic steel Cotton and linen fabrics can be widely used because they are cheap, affordable, and very moisturizing. They are not easy to feel stuffy in the summer, fit the skin well, and are breathable. They are also very environmentally friendly and safe to use without hurting the skin.
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

4G Sonic Rhythm Swivel Chair

Product model: E88#

Specifications: Zero gravity 4G sonic dual rhythm without electric shaking (electric)Zero gravity 4G sonic rhythm + electric shaking (electric)

Product size: Length 84*width 91*height 102, seat depth 57, seat height 50, armrest 15 (unit CM)

Product material: Fabric: frosted leather
Frame: solid wood
Hardware: carbon plastic steel
It has a silky and soft touch, revealing a luxurious texture and style that is not ostentatious. There is no chemical coating on the surface, which is healthy and environmentally friendly. It has good air permeability, is relatively expensive, and is comfortable to sit on. It is suitable for furniture making, but it needs to be well maintained to prevent damage.

Product photo: The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

A1 Free and Easy Swivel Chair	
Product model:	E89#
Specifications:	Zero gravity 4G sonic dual rhythm without electric shaking (electric)Zero gravity 4G sonic rhythm + electric shaking (electric)
Product size:	Length 70*width 90*height 103, seat depth 60, seat height 48, armrest 24 (unit CM)
Product material:	Fabric: Eco-leather Frame: Solid wood Hardware: Carbon plastic steel Ecological leather uses environmentally friendly and sustainable raw materials, does not contain harmful substances during the production process, and conforms to the concept of green environmental protection
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

Zero Gravity Swivel Chair

Product model:	E90#
Specifications:	Zero gravity 4G sonic dual rhythm without electric shaking (electric)Zero gravity 4G sonic rhythm + electric shaking (electric)
Product size:	Length 78*width 80*height 111, seat depth 50, seat height 48, armrest 9 (unit CM)
Product material:	Fabric: top layer leather Frame: solid wood Hardware: carbon plastic steel Top layer cowhide has high-end appearance, high breathability, easy to clean, good texture, classic, durable and wear-resistant
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

A1 Free and Easy Swivel Chair

Product model: E91#

Specifications: Zero gravity 4G sonic dual rhythm without electric shaking (electric) Zero gravity 4G sonic rhythm + electric shaking (electric)

Product size: Length 84*width 98*height 110, seat depth 60, seat height 51, armrest 5, headrest 36*16 (unit CM)

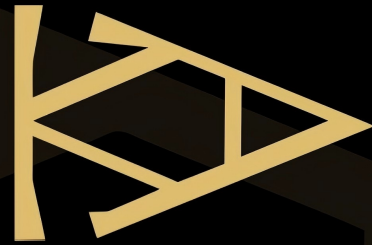

Product material: Fabric:
Frame: solid wood
Hardware: carbon plastic steel
Ecological leather uses environmentally friendly and sustainable raw materials, does not contain harmful substances during the production process, and conforms to the concept of green environmental protection

Product photo: The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.

Zero Gravity Swivel Chair	
Product model:	E95#
Specifications:	Zero Gravity Power Chair
Product size:	Length 84*width 91*height 100, seat depth 55, seat height 45, armrest 17, backrest 64 (unit CM)
Product material:	Fabric: Silicone leather Frame: Hardware carbon steel frame, multi-layer board Hardware: Plastic feet Silicone leather is biocompatible with the human body, prevents bacteria from entering, is non-irritating, and is waterproof
Product photo:	The picture on the right is for reference only. Due to the particularity of soft furniture, the size may have an error of plus or minus 3cm.
